CS-S BATTLE PAD H2 (SPEED SURFACE)

CS-M FPS TACTICS DC (SPEED SURFACE)

CS-X BATTLE PAD DP (SPEED SURFACE)

SGM-6000-KLLW1-GP
 Mouse Dimension : 83.6mm x 135mm x 40mm

SGS-2000-KSS-1-GP
 Cloth Mat/ Size: 260mm x 210mm x 2mm (Small Size)

SGS-4000-KSM-1-GP
 Cloth Mat/ Size: 405mm x 285mm x 5mm (Medium Size)

SGS-6000-KSX-1-GP
 Cloth Mat/ Size: 444mm x 355mm x 5mm (Big Size)

- 1) 5600 DPI Twin Laser Sensor
- 2) 65KB Sentinel-X™ Memory / 7 Colours LED and Variable Lighting Effect
- 3) OLED DPI Management System / OLED Team Logo Personalization
- 4) 8 Programmable Button
- 5) 5 x 4.5g Adjustable Weight System

- 1) Surface type: H2Glide™ Cloth
- 2) Specially weaved fabric for the ultimate glide.
- 3) Grade A surface - micro-precision accuracy and high responsive tracking run rate
- 4) Aggressive non-slip bottom grip, sticks it on the table and forget about it

- 1) Surface type: Duracloth
- 2) Engineered for pin point precision and high responsive tracking.
- 3) Optimized for optical but works equally as well for high end laser sensors mouse
- 4) Ultra smooth glide for unprecedented speed
- 5) Aggressive non-slip bottom grip, sticks it on the table and forget about it

- 1) Surface type: Duracloth Plus™ specially heat treated
- 2) Special heat treatment on fabric for ultra glide with Huge playable gaming surface
- 3) Grade A surface - micro-precision accuracy and high responsive tracking run rate
- 4) Aggressive non-slip bottom grip; sticks it on the table and forget about it
